

How the Autism Society Can Help

The Autism Society supports all individuals in their journeys with autism, whether a parent of a newly diagnosed child, an adult navigating services or an individual passionate about our mission of supporting all individuals affected by autism.

> **Information and Referral**

If you or someone you know needs help or just wants to speak to a live person who understands, please call the Autism Source hotline at 1-800-3AUTISM or email info@autism-society.org.

> **www.autism-society.org**

The website of the Autism Society offers a wealth of validated information, including the signs of autism, common issues individuals and their families face and the latest news affecting our community.

> **www.autismsource.org**

The Autism Society's online information and referral database, Autism Source™, includes more than 25,000 national and local listings for autism services in the United States.

> **www.autism-society.org/vote4autism**

Provides the latest federal and state legislative updates, and an opportunity to take action on pending legislation.

> **www.autism-society.org/onlinecourses**

Our online courses about autism in general and on environmental health.

> **www.autism-society.org/envirohealth**

Research programs on the environmental triggers of autism and factors that exacerbate health conditions.

> **www.autism-society.org/safeandsound**

The Safe and Sound initiative of the Autism Society provides guidance for families and emergency responders and legal professionals on topics such as general safety, emergency preparedness and prevention and risk management.

> **www.autism-society.org/living-with-autism**

In-depth information on a variety of topics related to living with autism; available as free downloads on our website.

If you have any questions, please reach out to us by calling 1(800)3AUTISM or emailing info@autism-society.org.

We are always here to help.

The mission of the Macomb/St. Clair County Chapter of the Autism Society of America is to enhance the lives of persons and families affected by Autism. To accomplish this, resources will be used to promote awareness.
